Contracts requested are enclosed. I will send the AS² backlog contract later. Haven't located it yet.

Franklin County Commissioners made arrangements with RBMS Technology Consulting firm (formerly known as RBSK) to handle all hardware support. We would contact them, if we had a problem. If they used a contract, I'm unaware of it. Bills paid would be in the Auditor's records. We are in the process of

signing a contract to do business with them in 2008. This would be for hardware support and any computer issue we had RBMS would help us with those concerns.

Please contact me if more is needed.

Thanks.
